

TS-1098: Automated Email Runs Report For Yesterday Instead Of Today

Comm One LLC - Technical Support Documentation

[Support Documentation Index](#)

Thursday, May 06, 2010

8:45 AM

The automated email report is showing prior day instead of today's data when it runs at 9pm.

To correct this problem:

1. Close all programs.
2. Select the Comm One Software folder.
3. Run the Mail Setup Utility
4. Change the date range from YESTERDAY to TODAY
5. Exit on the bottom right corner.
